See our other web site at- **www.primesat.eu**

This site includes many products that are exclusive to the Satellite Superstore.
The site contains -
• Products that we manufacture (e.g. We have manufactured heavy duty wall mounts and ground stands since 1991).
• Selected products which have our own Primesat brand name and have been prepared to our specifications.
• Selected products where we have been appointed the authorised UK or European distributor by the manufacturer.
**www.primesat.eu** is an information site. Here you will find full specifications and many detailed pictures.
To buy any of these products, simply order them on this web site.

# Link to our own satellite museum site

Satellite Museum. A museum of vintage satellite receivers.
See **www.satellitemuseum.com**

For old satellite receivers with knobs on and read about "**A History Of Satellite TV**".

Also see **www.rewindmuseum.com**. A Museum of vintage consumer electronics. Vintage reel to reel video recorders. Vintage VHS and Betamax VCRs. Vintage video cameras. Vintage Laser Disc. Vintage Computers. Old telephones. Old brick mobile phones. Vintage Hi Fi, Old reel to reel audio and early audio cassette decks. Including, the history time line of vintage consumer electronics ... and much more .....

It is well worth a visit.

Only The **Satellite Superstore** brings you
great products, advice and it's own museum.
